Sun Direct Power certifies that the following products qualify for federal tax credits for solar energy systems under photovoltaic systems as prescribed in the Energy Improvement and Extension Act of 2008 (P.L. 110-343):

- 2K Solar Powered Generator System
- 4K Solar Powered Generator System
- 5K-220 220v Solar Powered Generator System
- Any and all photovoltaic panels sold by Sun Direct Power.
- Any and all cable/controller assemblies sold by Sun Direct Power for use with either Sun Direct Power solar panels or solar panels obtained from other sources.
- Any and all batteries, cables, or terminals sold by Sun Direct for use with either Sun Direct batteries or systems or batteries obtained from other sources.

Our systems which provide European/Africa/Australian current will qualify if put in service providing according to IRS requirements in the United States.

This statement certifies only that those Sun Direct products placed in service from January 1, 2010 through December 31, 2016 qualify.

Disclaimer:

The tax laws change. As of 08/10/2011, we believe this information accurate, but we are not tax lawyers: get one, or file at your own risk.

Sun Direct Power accepts no liability for any failure to qualify for a tax credit; we're certifying that these systems qualify according to the tax code as it is written at this writing, but since other factors apply, whether a given customer actually gets a credit is not our responsibility. Ensuring that a system qualifies with the tax code is the responsibility of the one claiming the credit. This document is not intended to constitute legal or tax advice.

More comprehensive information will be available from the IRS. The user maintains the full and complete responsibility to comply with all codes, laws and

regulations applicable to the safe and proper use, handling and installation of the product and should consult with a professional for all construction and design related questions. The information contained herein is believed to be accurate as of the time of preparation. However, Sun Direct Power makes no warranty concerning the accuracy of this information as of any date other 08/10/2011.

Taxpayers are not required to attach this certification statement to the return on which the credit is claimed. Income tax regulations require taxpayers maintain records sufficient to establish the entitlement to any credit claimed. This certification statement is provided in printable form at www.Sun-Direct.net. Under penalties of perjury, I declare that I have examined this Certification Statement, and to the best of my knowledge and belief, the facts are true, accurate and complete.
